INDEPENDENT AUDITOR'S REPORT

July 28, 2006

To the Township Board
Township of Lee
Midland County, Michigan

We have audited the accompanying financial statements of the governmental activities and each major fund of Township of Lee, Midland County, Michigan as of and for the year ended March 31, 2006, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Township of Lee's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Township of Lee, Midland County, Michigan as of March 31, 2006, and the respective changes in financial position thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and budgetary comparison information listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the Township's basic financial statements. The other supporting information described in the accompanying table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, it is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CAMPBELL, KUSTERER & CO., P.C.

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended March 31, 2006

As Management of Lee Township, we offer readers of the Township's financial statements this narrative overview and analysis of the financial activities of the Township for the fiscal year ended March 31, 2006. We encourage readers to consider the information presented here in conjunction with the financial report.

FINANCIAL HIGHLIGHTS

The assets of the Township exceeded its liabilities at the close of the most recent fiscal year by \$1,723,647.14 (net assets). Of this amount, \$1,415,297.50 (unrestricted net assets) may be used to meet the government's ongoing obligations to the citizens and creditors.

The Township's governmental funds reported combined ending fund balances of \$1,415,297.50, an increase of \$160,186.67 in comparison with the prior year. The total of the fund balances available for spending at the government's discretion (unreserved-undesignated fund balance).

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction of the Township's basic financial statements. The Township's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

ENTITY-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the Township's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all the Township's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Township is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., special assessments).

Both of the government-wide financial statements distinguish functions of the Township that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Township include legislative, general government, public safety, and public works. The Township currently does not have operations that are classified as business-type activities.

The government-wide financial statements can be found on pages 8 and 9 of this report.

TOWNSHIP OF LEE
Midland County, Michigan

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended March 31, 2006

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Township like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Township can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Township maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Fire Fund and Solid Waste Fund, all of which are considered to be major funds. Data from the other four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Township adopts an annual appropriated budget for its general fund and all major special revenue fund types. Budgetary comparison statements have been provided in the supplemental section of the report to demonstrate the extent of compliance with these budgets.

The basic governmental fund financial statements can be found on pages 10 and 12 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Township's own programs. Currently the Township has one fund that is an agency type fund.

The basic fiduciary fund financial statements can be found on pages 27 and 28 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 14 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents other supplementary information in connection with major and nonmajor governmental funds. Combining and individual fund statements and schedules can be found on pages 25 and 26 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended March 31, 2006

FINANCIAL ANALYSIS OF THE TOWNSHIP AS A WHOLE (cont.)

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of Lee Township, assets exceeded liabilities by \$1,723,647.14 at the close of the fiscal year ended March 31, 2006.

A portion of the Township's net assets (17.8 percent) reflects its investment in capital assets (e.g., land, equipment, infrastructure), less any related debt used to acquire those assets that is still outstanding. The Township uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Township's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of unrestricted net assets (\$1,415,297.50) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the Township is able to report positive balances in all categories of net assets for the government as a whole.

Governmental activities. Governmental activities increased the Township's net assets by \$135,680.17. The key element of this increase as stated above was the influx of special assessments that were used for infrastructure improvements.

FINANCIAL ANALYSIS OF THE TOWNSHIP'S FUNDS

As noted earlier, the Township uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Township's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Township's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Township's governmental funds reported combined ending fund balances of \$1,415,297.50, an increase of \$160,186.67 in comparison with the prior year. The total ending fund balance constitutes unreserved fund balance, which is available for spending at the government's discretion.

The General fund is the chief operating fund of the Township. At the end of the current fiscal year, unreserved fund balance of the general fund was \$1,037,034.01.

The fund balance of the Township's general fund increased by \$74,002.77 during the current fiscal year.

The Fire Fund experienced an increase of \$56,048.17 in its fund balance. This increase is due primarily to an increase in fire contract revenues.

The Solid Waste Fund experienced an increase of \$29,030.07 and this increase is consistent with prior years.

Nonmajor Governmental fund increases in fund balance occurred and are consistent with increases experienced by the Township in recent years.

Midland County, Michigan

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended March 31, 2006

FINANCIAL ANALYSIS OF THE TOWNSHIP'S FUNDS (cont.)

General Fund Budgetary Highlights

In order to fully comply with the reporting requirements of GASB 34, the financial statements are prepared on the modified accrual basis of accounting, however, the Township's budget was prepared on the cash basis of accounting. Revenues and expenditures are reported only as a result of cash transactions.

For the fiscal year of 2005-2006 Lee Township continued its practice of building up fund balance in its General and Special Revenue Funds. The annual budget was approved by the Township board in March of 2005 as required by the State of Michigan, and was amended by the Board throughout the fiscal year of 2005-2006.

CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

The Township's governmental activities invested \$0 in capital assets.

The Township's governmental activities paid \$0 of principal on long-term debt.

KNOWN FACTORS AFFECTING FUTURE OPERATIONS

As the Township continues to grow in size and services the economic factors will certainly change and reflect the direction that the community has taken. The Board and staff of the Township are committed to working together to get the most out of every dollar and serve in the most responsible manner possible.

CONTACTING THE TOWNSHIP'S MANAGEMENT

This financial report is designed to provide a general overview of the Township's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Township Hall.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

Year ended March 31, 2006

NET CHANGE IN FUND BALANCES – TOTAL GOVERNMENTAL FUNDS	160 186 67
--	------------

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures; in the Statement of Activities,
these costs are allocated over their estimated useful lives as depreciation

Depreciation Expense	(24 506 50)
Capital Outlay	<u>-</u>

CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES	<u>135 680 17</u>
---	-------------------

The accompanying notes are an integral part of these financial statements.

TOWNSHIP OF LEE
Midland County, Michigan

NOTES TO FINANCIAL STATEMENTS
March 31, 2006

Note 1 – Summary of Significant Accounting Policies

The accounting policies of the Township of Lee, Midland County, Michigan, conform to generally accepted accounting principles as applicable to governmental units.

Reporting Entity

The financial statements of the Township contain all the Township funds that are controlled by or dependent on the Township's executive or legislative branches.

The reporting entity is the Township of Lee. The Township is governed by an elected Township Board. As required by generally accepted accounting principles, these financial statements present the Township as the primary government.

Government-Wide and Fund Financial Statements

The government-wide financial statements, (the Statement of Net Assets and the Statement of Changes in Net Assets) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All the Township's government-wide activities are considered governmental activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, intergovernmental payments and other items not properly included among program revenues are reported as general revenue.

Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, restricted resources are applied first.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

TOWNSHIP OF LEE
Midland County, Michigan

NOTES TO FINANCIAL STATEMENTS
March 31, 2006

Note 1 – Summary of Significant Accounting Policies (continued)

Governmental Funds

General Fund

This fund is used to account for all financial transactions except those required to be accounted for in another fund. The fund includes the general operating expenditures of the local unit. Revenues are derived primarily from property taxes, state and federal distributions, grants, and other intergovernmental revenues.

Special Revenue Funds

These funds are used to account for specific governmental revenues requiring separate accounting because of legal or regulatory provisions or administrative action.

Fiduciary Fund

The Current Tax Collection Fund is used to account for assets held as an agent for others.

Assets, Liabilities and Net Assets or Equity

Bank deposits and investments – Cash and cash equivalent investments include cash on hand, demand deposits, certificates of deposit and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

Receivables

Receivables have been recognized for all significant amounts due to the Township. Allowances for uncollectible accounts have not been provided for in that collection is not considered doubtful and any uncollected amount would be immaterial.

Inventories

Inventories of supplies are considered to be immaterial and are not recorded.

Property Taxes

Property taxes and other revenue that are both measurable and available for use to finance operations are recorded as revenue when earned.

Properties are assessed as of December 31 and the related property taxes become a lien on December 1 of the following year. These taxes are due on February 14 with the final collection date of February 28 before they are added to the county tax rolls. The 2005 tax roll millage rate was 2.8550 mills, and the taxable value was \$66,431,102.00.

TOWNSHIP OF LEE
Midland County, Michigan

NOTES TO FINANCIAL STATEMENTS
March 31, 2006

Note 1 – Summary of Significant Accounting Policies (continued)

Encumbrances

Encumbrances involving the current recognition of purchase orders, contracts and other commitments for future expenditures are not recorded.

Capital Assets

Capital assets are defined by the Township as assets with an initial cost of more than \$5,000.00 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost. Donated assets are reported at estimated fair market value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings, additions and improvements	10-40 years
Furniture and equipment	10-20 years

Compensated Absences (Vacation and Sick Leave)

Employees are not allowed to accumulate vacation and sick pay.

Post-employment Benefits

The Township provides no post-employment benefits to past employees.

Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Note 2 – Budgets and Budgetary Accounting

The following procedures are followed in establishing the budgetary data reflected in these financial statements:

1. Prior to the beginning of the fiscal year, the proposed budget for each budgetary fund is submitted to the Township Board for consideration.
2. The proposed budgets include expenditures as well as the methods of financing them.
3. Public hearings are held to obtain taxpayer comments.
4. The budgets are adopted at the activity level by a majority vote of the Township Board.
5. The budgets are adopted on the modified accrual basis of accounting.
6. The originally adopted budgets can be amended during the year only by a majority vote of the Township Board.

TOWNSHIP OF LEE
Midland County, Michigan

NOTES TO FINANCIAL STATEMENTS

March 31, 2006

Note 2 – Budgets and Budgetary Accounting (cont.)

7. The adopted budgets are used as a management control device during the year for all budgetary funds.
8. Budget appropriations lapse at the end of each fiscal year.
9. The budgeted amounts shown in these financial statements are the originally adopted budgets with all amendments that were approved by the Township Board during the fiscal year.

Note 3 – Deposits and Investments

Michigan Compiled Laws, Section 129.91, authorizes the Township to deposit and invest in the accounts of federally insured banks, credit unions, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or federal agency obligation repurchase agreements; banker's acceptance of United States banks; commercial paper rated within the two highest classifications, which mature not more than 270 days after the date purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan.

The Township Board has designated eight banks for the deposit of Township funds. The investment policy adopted by the board in accordance with Public Act 196 of 1997 has authorized investment in all investments authorized by state law as listed above.

The Township's deposits and investments are in accordance with statutory authority.

The Governmental Accounting Standards Board Statement No. 3, risk disclosures for the cash deposits are as follows:

	<u>Carrying Amounts</u>
Total Deposits	<u>1 362 334 37</u>

Amounts in the bank balances are without considering deposits in transit or uncleared checks.

	<u>Bank Balances</u>
Insured (FDIC)	564 517 22
Uninsured and Uncollateralized	<u>807 070 90</u>
Total Deposits	<u>1 371 588 12</u>

The Township of Lee did not have any investments as of March 31, 2006.

TOWNSHIP OF LEE
Midland County, Michigan

NOTES TO FINANCIAL STATEMENTS
March 31, 2006

Note 4 – Capital Assets

Capital asset activity of the Township's Governmental activities for the current year was as follows:

	Balance 4/1/05	Additions	Deletions	Balance 3/31/06
<u>Governmental Activities:</u>				
Land and improvements	73 886 00	-	-	73 886 00
Buildings and improvements	184 965 43	-	-	184 965 43
Equipment	<u>373 778 00</u>	<u>-</u>	<u>-</u>	<u>373 778 00</u>
 Total	 632 629 43	 -	 -	 632 629 43
 Accumulated Depreciation	 <u>(299 773 29)</u>	 <u>(24 506 50)</u>	 <u>-</u>	 <u>(324 279 79)</u>
 Net Capital Assets	 <u>332 856 14</u>	 <u>(24 506 50)</u>	 <u>-</u>	 <u>308 349 64</u>

Note 5 – Pension Plan

The Township has a defined contribution pension plan covering all full time employees. The Township contributes an amount of each employee's annual salary to the plan. The net pension expense for the fiscal year ended March 31, 2006, was \$14,440.56.

Note 6 – Deferred Compensation Plan

The Township does not have a deferred compensation plan.

Note 7 – Risk Management

The Township is exposed to various risks of loss related to property loss, torts, errors, omissions, and employee injuries (workers' compensation). The Township has purchased commercial insurance for property loss, torts and workers' compensation claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

Note 8 – Building Permits

The Township of Lee does not issue building permits. Building permits are issued by the County of Midland.

TOWNSHIP OF LEE
Midland County, Michigan

AUDIT COMMUNICATION AND REPORT OF COMMENTS AND RECOMMENDATIONS

July 28, 2006

To the Township Board
Township of Lee
Midland County, Michigan

We have audited the financial statements of the Township of Lee for the year ended March 31, 2006. As required by auditing standards generally accepted in the United States, the independent auditor is required to make several communications to the governing body having oversight responsibility for the audit. The purpose of this communication is to provide you with additional information regarding the scope and results of our audit that may assist you with your oversight responsibilities of the financial reporting process for which management is responsible.

AUDITOR'S RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES

We conducted our audit of the financial statements of the Township of Lee in accordance with auditing standards generally accepted in the United States. The following paragraph explains our responsibilities under those standards.

Management has the responsibility for adopting sound accounting policies, for maintaining an adequate and effective system of accounts, for the safeguarding of assets, and for devising an internal control structure that will, among other things, help assure the proper recording of transactions. The transactions that should be reflected in the accounts and in the financial statements are matters within the direct knowledge and control of management. Our knowledge of such transactions is limited to that acquired through our audit. Accordingly, the fairness of representations made through the financial statements is an implicit and integral part of management's accounts and records. However, our responsibility for the financial statements is confined to the expression of an opinion on them. The financial statements remain the responsibility of management.

The concept of materiality is inherent in the work of an independent auditor. An auditor places greater emphasis on those items that have, on a relative basis, more importance to the financial statements and greater possibilities of material error than those items of lesser importance or those in which the possibility of material error is remote.

For this purpose, materiality has been defined as "the magnitude of an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or misstatement."

An independent auditor's objective in an audit is to obtain sufficient competent evidential matter to provide a reasonable basis for forming an opinion on the financial statements. In doing so, the auditor must work within economic limits; the opinion, to be economically useful, must be formed within a reasonable length of time and at reasonable cost. That is why an auditor's work is based on selected tests rather than an attempt to verify all transactions. Since evidence is examined on a test basis only, an audit provides only reasonable assurance, rather than absolute assurance, that financial statements are free of material misstatement. Thus, there is a risk that audited financial statements may contain undiscovered material errors or fraud. The existence of that risk is implicit in the phrase in the audit report, "in our opinion."

To the Township Board
Township of Lee
Midland County, Michigan

In the audit process, we gain an understanding of the internal control structure of an entity for the purpose of assisting in determining the nature, timing, and extent of audit testing. Our understanding is obtained by inquiry of management, testing transactions, and observation and review of documents and records. The amount of work done is not sufficient to provide a basis for an opinion on the adequacy of the internal control structure.

SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are described in Note 1 to the financial statements.

OTHER COMMUNICATIONS

Auditing standards call for us to inform you of other significant issues such as, but not limited to, 1) Accounting estimates that are particularly sensitive because of their significance to the financial statements or because of the possibility that future events affecting them may differ markedly from management's current judgments; 2) Significant audit adjustments that may not have been detected except through the auditing procedures we performed; 3) Disagreements with management regarding the scope of the audit or application of accounting principles; 4) Consultation with other accountants; 5) Major issues discussed with management prior to retention; and 6) Difficulties encountered in performing the audit.

We have no significant issues, regarding these matters, to report to you at this time. Audit adjustments were minimal, and are available to review.

COMMENTS AND RECOMMENDATION REGARDING INTERNAL CONTROLS/ COMPLIANCE/ EFFICIENCY

Our procedures disclosed the following conditions that we would like to bring to your attention:

SEGREGATION OF DUTIES

A separation of duties between persons who authorize transactions and persons who have control over the related assets does not always exist.

The least desirable accounting system is one in which an employee is responsible for executing the transaction and then recording the transaction from its origin to its ultimate posting in the General Ledger. This increases the likelihood that intentional or unintentional errors will go undetected. In most cases, adequate segregation of duties substantially increases control over errors without duplication of effort.

We understand that due to the size of needed staff, a proper segregation of duties may be impractical and the "cost to benefit" relationship may not justify the addition of accounting staff to accomplish the desired segregation.

These conditions were considered in determining the nature, timing and extent of the audit tests to be applied in our audit of the Township's financial statements and this communication of these matters does not affect our report on the Township's financial statements, dated March 31, 2006.

SUMMARY

We welcome any questions you may have regarding the foregoing comments and we would be happy to discuss any of these or other questions that you might have at your convenience.

Sincerely,

CAMPBELL, KUSTERER & CO., P.C.
